HEADQUARTERS ESTABLISHED.
Candidates Are Located at Different Hotels.

Nearly all of the candidates for both conventions, the state and the seventh congressional district, have established headquarters at some one of the three leading hotels and several of them, all on the state ticket, have rooms at both the Manhattan and the Carey. A list of these permanently located is given herewith, and while this list does not include all the candidates and leaders of the party, it is as complete as can be made at this early date. The full list with the respective headquarters is as follows:

E. W. Hoch, candidate for governor, has the parlor and also room 2 at the Manhattan.

T. J. Hanna, lieutenant governor has room 10 at the Carey and 15 at the Manhattan.

J. R. Burrow, secretary of state, room 104 the Carey and 20 at the Manhattan.

Seth G. Wells, auditor, room 11 the Manhattan.

T. T. Kelly, treasurer, has faith in the old money of Hanna's and has secured the parlor at the Carey which was used by the governor at the last convention; his room at the Manhattan is 51.

I. L. Dayhoff, superintendent of public instruction, has room 39 the Carey.

C. H. Lading, insurance commissioner, is in room 18 the Manhattan.

J. H. Richards, delegate-at-large, has room 25 at the Manhattan.

David Mulvane, national committeeman has room 103 at the Carey.

P. Dumont Smith, delegate-at-large, is at the Carey, room 12.

Chas. F. Scott, congressman-at-large, is in room 29 the Carey.

J. W. Hauberg, of Wellington, is located at the Carey, room 45.

W. J. Fitzgerald, delegate-at-large, is in room 12 the Carey.

The candidates for railroad commissioners are divided between all the hotels, G. W. Wheatley, room 21, Manhattan; A. D. Walker, room 23 the Carey; E. W. Cunningham, 11 Manhattan; Wm. Smith and J. G. Stouffer have not yet established headquarters.

The anti-machine headquarters are at the Manhattan hotel in room 15, in charge of Clyde Miller, of Geary city, the secretary of the anti-machine.

Mr. Miller has been very indignant in denouncing the various members of this faction and all

yesterday the arrivals were besieging him on all sides and at a late hour last night the preliminary work was all finished and the machinery at these headquarters was working smoothly.

Slonaker the Key to the Situation.

It is admitted that Judge Slonaker holds the key to the situation. If he remains in the race and insists on a show down it will result in the nomination of Justice Atkinson. But, on the other hand if he throws his strength to Judge Smith of Mitchell county he has it in his power to nominate the Sixth District jurist. The anti-machine leaders claim that they are keeping their hands out of the judicial fight and are not doing anything prejudicial to the cause of Judge Clark A. Smith, Judge Atkinson or Judge Slonaker. Judge Smith has endorsements from every county in the Sixth district and many of the counties in the Fifth district are his neighbors will wait anxiously for a chance to come to him. The Third district is a unit for Judge Atkinson regardless of machine or anti-machine and the consensus of opinion is that the fight is between Atkinson and Smith. The anti-machine leaders declare that they have no right to make up Judge Atkinson and he will receive support from this faction of the party outside the Third district.

The only other open question in the convention is that of railroad commissioners. It is generally conceded that Walker and Wheatley will be re-nominated. In Walker's case the interests of Congressman Curtis is at stake. The convention tomorrow must seat the Walker delegates from Jackson county or discredit the Curtis delegates that were seated in the Horton convention. The contest in the First congressional congressional county is the interest of Horton in order to give Mr. Curtis the prestige of the action of the state convention in seating the Curtis and Walker delegates in Jackson county.

There is no light on Wheatley from any quarter and the fact that the Third district is lined up for him solid will give him a large vote in the convention that will be depended upon to shove him over the line for a touch down. This will leave but one place on the railroad board to fight for with six other candidates with Tom Potter waiting for an opening. The avowed candidates are J. E. Gentry of Reno county and J. T. White of Ottawa; J. H. Robinson, of Butler; Wm. Hawley of Dickinson; A. W. Smith of McPherson and S. S. Ashbaugh of Sedgewick.

The candidates in the field for railroad commissioner are divided up as follows as regards occupation: George in a wholesale grocer and has been secretary of the Hutchinson Wholesale Grocery company for fifteen years. Potter is one of the more extensive cattle breeders and the more extensive cattle breeders and shippers of the state and Robinson is also an extensive cattle raiser and shipper. White is a cattle dealer while Hawley is a lumber merchant and Smith is a lawyer. As a professional farmer and Ashbaugh is a professional farmer and Ashbaugh is a professional farmer.

The anti-machine headquarters are at the Manhattan hotel in room 15, in charge of Clyde Miller, of Geary city, the secretary of the anti-machine. Mr. Miller has been very indignant in denouncing the various members of this faction and all

For Indigestion

Bad breath, sour risings, a sense of fullness after eating, belching of gas, heart burn, no appetite and a loss of strength are some of the symptoms the person must endure whose stomach and digestive organs fail to digest and assimilate the food they eat. If not cured catarrh of the stomach is the result.

For a number of years I was troubled with Dyspepsia and Indigestion. It grew into the worst form. Nothing I used did me any good. Finally I tried Kodol and after using four bottles I was entirely cured. Kodol does all that you claim for it. I recommend it to all sufferers from Dyspepsia and Indigestion.—Mrs. Carrie Granfill, Tray, I. T.

"Kodol digests what you eat"

Kodol represents the natural juices of digestion as they exist in a healthy stomach. It cleanses, purifies and sweetens the stomach, and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It restores health to the stomach and strength to the body by enabling the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. Makes the sick well and the weak strong.

man. The cattlemen are willing to concentrate upon any candidate for their representative who is a practical cattleman and would look after their interests. One of the leading cattlemen of the state is M. M. Sherman, who is a delegate to the convention from Ellsworth county and he is doing all in his power to secure the nomination of a cattleman on the railroad board. Either White or Robinson would be satisfactory to the cattle interests, says Mr. Sherman, and if they could secure the nomination of Potter there would be rejoicing in the camp of the cattlemen.

NO CONTEST FOR DELEGATES.

Just Enough Candidates to Fill the Places on the Ticket.

The prospects for a contest for delegates to the national convention are not promising and a nomination for delegate at large will be just like receiving money from home. There will be six delegates-at-large to nominate in the convention tomorrow, two each for senator and two for congressman-at-large. The candidates for these places are Senator P. Dumont Smith of Edwards county; M. A. Low of Shawnee; Senator H. B. Miller, of Ottawa; W. S. Fitzpatrick of Sedan and J. H. Richards of Bourbon.

The congressional district have all nominated their delegates to the national convention with the exception of the Seventh, and those nominations will be made at the congressional convention tomorrow and will be O. Z. Smith, of Wichita and J. Fitzgerald, of Dodge city. They are the only candidates and they will be nominated by acclamation. The other district delegates to the national convention who have been nominated are:

First district—W. T. F. Donald, Atchison county, and J. W. Fleming, Atchison county.

Second district—Delegates nominated by the Democratic convention, F. R. O'Connell and Senator S. J. Stewart of Humboldt; nominated by the Allen-McGee convention, J. B. Buchanan and O. J. Peterson, both of Wyandotte county.

Third district—Dr. George Boon, of Chetopa and Thos. Kerr, of Coffeyville.

Fifth district—Captain H. Rockwell, Junction City, and S. H. Hamilton, Clifton.

Sixth district—Elmer Ames, Norton, and Chas. E. Hall, Russell.

These have been nominated by the congressional conventions and the convention tomorrow will endorse them in its official character.

NEWSPAPER MEN HERE.

All Kansas Dailies Have Representatives at Convention.

Although many of the politicians as well as the delegates to the Republican congressional and state conventions are on the ground early, they were not outdone by the newspaper men. Representatives of all the principal Kansas dailies began to arrive Sunday and for last night there was a full representation present.

Some of those here are Clarence Allison, of the Topeka Journal; W. F. Morgan, of the Hutchinson News; F. A. Corby, of the Salina Journal; Fred Dumont Smith, of the Kinsley Mercury; Clay Whitman, of the La Crosse Republican; Frank Gerald, of the Topeka Capital; Charles Sessions, of the Kansas City Journal; Jesse Leach, of the St. Joe News; Fred Vandergriff, newspaper correspondent at Topeka; C. L. Hopkins, of the Topeka Herald; and F. C. Raney, of the Ft. Scott Republican. Mr. Raney is also secretary of the Republican state committee; Albert Thompson, of the Hutchinson News, is here.

The Topeka Daily Capital has opened headquarters in room 38, Carey hotel, with an operator who sends convention news from headquarters direct to its office in Topeka. J. F. Jarrell, city editor of the Capital is in charge here. Jay H. House, the "Second Thought" man of the Capital is here to do feature work.

Arthur Capper and Harold T. Chase, managing editor and editor of the Capital, will arrive tonight to take in the convention.

THE ANTI-MACHINE CAUCUS

Will Meet Tomorrow Evening and Cinch Organization of Convention.

If the anti-machine leaders ever had any intention of withdrawing King caucus as the "arbitrary ruler" of the convention that has been abandoned and the leaders assert that for the nominations there will be a free-for-all in the convention. This means that they will not attempt to dictate who will be nominated for railroad commissioner and justice of the supreme court, for after all it is said those are the only two offices that are at issue. This statement carries with it the presumption that Wheatley and Walker will be nominated and that the remaining place on the board of railroad commissioners will be fought out between the remaining candidates. It also means that Justice Cunningham will have no trouble in cashing in his nomination and that Judge Atkinson's seat on the supreme bench is as well secured as under him if either Judge Smith or Judge Slonaker finds a place on the ticket. "I do not anticipate," said a prominent Topeka politician, "that the anti-machine will take any hand in the fight for the supreme judgeship but will let it go into the convention as an open contest."

Nothing will be done at this caucus tomorrow night except to agree upon the convention organization and a plan of procedure will be arranged as to the nominations.

The anti-machine caucus will be held tomorrow evening at the Armoury building on Pratt and Main streets. A secretary will be an uncontested delegate in that caucus," said Clyde Miller, secretary of the anti-machine league. Besides that there will be 100 contested delegates, but I am not prepared to say that they will participate in the caucus but of course they will be allowed to be spectators. Nothing will be done at this caucus," said Mr. Miller, "in the way of making nominations and the only business of the caucus will be to determine

and agree upon a convention organization. Car W. Taylor, who led the fight against the machine in Reno county and started the stampede that resulted in the withdrawal of Governor Bailey will be chairman of the caucus. The organization has been agreed upon but yet awaits the ratification of the caucus by Lieutenant Gov. H. E. Richter for temporary chairman and this will later give place to the permanent organization with W. R. Stubbs as chairman. The secretaries have not yet been selected and the selection of the minor offices of the temporary organization will be the work of the caucus.

The caucus will not be a star chamber affair but all who will promise to be good and not start a rough house will be admitted and made welcome but they are expected to abide by the decisions of the caucus and help carry out the program mapped out at that time. It will be the largest caucus ever held preceding a Republican state convention and the anti-machine leaders say it will also be the most harmonious. In fact those who have it in charge have taken the precaution to see that it is harmonious and they do not propose to have any slaps of the coals. Every plan, wheel, cog and oil can of the machine has been examined and placed in running order and with an experienced machinist in charge no accident can possibly occur.

Women Endorse Murdock.

At a regular meeting of the Women's Veteran Relief Union, auxiliary to the 2d regiment U. S. V. held March 7, 1904. The following resolution was offered by Mrs. Helena S. Mason and unanimously adopted by the union:

Resolved, We recognize in our representative in congress one who is a friend to the old soldier. He having demonstrated the fact by recently securing the passage of a special bill thereby getting a liberal increase of pension to a deserving ex-soldier of Wichita whose claim had failed to receive any recognition for several years. Therefore be it Resolved, That this union endorse the Hon. Victor Murdock for re-nomination for congressman from the 7th district of Kansas at the coming convention, and we earnestly hope the delegates will by their ballots proclaim him the choice of the convention and say by their means victory for the 7th district.
